

# NOVEMBER IS...

## National Career Development Month at *FSK*!

### National Cancer Institute Internship Informational Meeting, KEY Time (Date

**TBD), KEY Time (Grand Conference Room):** Learn about the yearlong internships available at Ft. Detrick in Frederick, MD. Scientific interns receive hands-on research training in the laboratory by working side-by-side with renowned and experienced cancer researchers. Opportunities are also available for students interested in Research, Biology, computers (Bioinformatics) as well as Graphic Design.

### ASVAB Informational Session, Thursday, November 3, KEY Time,

**(Room 519):** Learn about the ASVAB Career Exploration Program and how it can help with identifying your skills, interests, and aptitude in relation to a career pathway. Talk to military recruiters about the AFQT score and what it means; Learn tools and resources to prepare for the ASVAB CEP on November 18th.

**ASVAB Career Exploration Program (CEP), Friday, November 18, 7:45am-10:30am (Media):** Available to current sophomores, juniors and seniors. This 8-part test will help identify a student's career aptitudes as well as their interests, which will assist with career exploration. Please note: This is no longer just a military entrance tool—no scores will be reported to the military. A follow-up session on December 8th will enable students to take an interest inventory as well as interpret scores. Sign up by November 11<sup>th</sup>!

### Lorien Healthcare Presentation, Tuesday, November 15, KEY Time and Lunch Shifts (Cafeteria):

Interested in a career in the health care field? Looking for low/no-cost options to obtain your CNA/GNA? Check out opportunities available not only for nursing but also culinary! HR Director, Mellissa Dodson, will be here during all 3 lunch shifts as well with information and prizes, so be sure to stop by and say hello!

### National Aquarium Summer Internship 2023 Information Session, Wednesday,

**November 16, KEY Time (Grand Conference Room):** Consider a Summer Internship with the National Aquarium in Baltimore! Students who receive this internship will serve as exhibit guides in the galleries of the Aquarium and they will learn about marine science, understand, and teach the importance of conservation, gain work experience, interact with visitors, acquire self-confidence, make new friends, and earn around 100 service learning hours!

### PIA (Pittsburgh Institute of Aeronautics) Classroom Presentations, Monday, November 21:

PIA is a premiere school of aviation maintenance, aviation electronics, and electronic systems training. Graduates work for the major airlines, General Dynamics (makers of the drones) Goodyear Blimp, GE Jet Engine Systems, Lockheed Martin, Rolls Royce Engines just to name a few. Learn about the field of aviation and what how to gain the skills to be successful in this field!

***Additional career speakers will be visiting classrooms throughout the month as well!***
